Kaya goal marker ID 0 - INSIDE BACK PANEL

Tape flat on the INSIDE of the box's back panel,
centred left-right and top-bottom (marker centre ~15 cm up).
Seen through the mouth when the robot is in front of the box.

Print at 100% / actual size. Black square = exactly 150 mm. Keep the white margin.

TOP (this edge up)

scale check: this bar must be 100 mm

ArUco DICT_4X4_50, ID 0. If the square is not 150 mm, tell Claude the measured size.
